Austin, TX - January 29, 2007 - Vital Insight, a leading provider of advanced Enterprise Risk Management and Corporate Governance solutions, presented at the recent CUISPA conference in Dallas, Texas. Company executives, Alan White, President and CEO, and Ryan Sawyer, Vice President of Professional Services, facilitated a session on Enterprise Risk Management at the 2006 Credit Union Information Security Professionals Association (CUISPA) Conference. Enterprise Risk Management is rapidly becoming a major focus of today's credit unions and many organizations are focused on getting programs in place as quickly and efficiently as possible.

"We have received great feedback from the credit union's that participated in the Vital Insight session. These credit unions are very interested in the customized solution that Vital Insight has developed for the credit union market"

"Having the opportunity to address the credit union world was extremely valuable", commented Alan White. "The interest and feedback in our Risk Management solution validates our decision to target the credit union market with a low cost, easy to use solution, we look forward to gaining more exposure as more credit unions implement our solution".
