ADVANCED TECHNOLOGY SYSTEMS (ATS) GOES LIVE WITH VITAL INSIGHT'S SARBANES-OXLEY COMPLIANCE SOLUTION

Austin, Texas - July 1st, 2007 - Vital Insight, a leading provider of Enterprise Risk Management and Corporate Governance Solutions, today announced that Advanced Technology Systems (ATS) has selected Governance Insight - SOX Essentials to support its Sarbanes-Oxley compliance program. Governance Insight - SOX Essentials, will allow ATS to streamline its Sarbanes-Oxley efforts, and reduce associated time and cost, by automating document creation, testing, and reporting of process and control activities. "Bringing ATS on board and having them "go-live" so soon after implementation is just another testament to the ease-of-use and immediate ROI experienced by our customer base", said Alan White, Vital Insight CEO and President.

ATS is an information technology company that delivers solutions to help their customers meet their most pressing challenges. Working in partnership with the Department of Defense (DoD), civilian agencies, and public safety and national security customers, as well as many commercial organizations, ATS develops innovative technology solutions that support its customers' missions, goals, and objectives.

ABOUT VITAL INSIGHT

Vital Insight is an Austin, Texas-based software company founded by experienced entrepreneurs and Big Four accounting firm executives with substantial hands-on Enterprise Risk Management, Sarbanes-Oxley, internal audit, and risk consulting experience. The company's core product, Governance Insight, is an easy-to-use, database-driven software application that allows companies to centrally manage, document, and test all processes, risks, and controls within their business. Vital Insight's customers experience significant savings and added value by streamlining their Corporate Governance and Enterprise Risk Management programs with Governance Insight.
