VITAL INSIGHT ANNOUNCES 2007 YEAR END RESULTS

Total revenue and customer base increased Year over Year

Austin, Texas – January 8th, 2008 - Vital Insight, a leading provider of Enterprise Risk Management and Corporate Governance solutions, today announced record results for year end 2007. Total revenue attained represents a 650% increase versus year end 2006 results. "Obviously we extremely pleased with our year end results," said Alan White, President and CEO of Vital Insight. "The hard work and dedication of our talented team certainly paid off in both the markets in which we focus. "We look forward to using this past year as a catalyst for a successful 2008," continued White.

Not only did Vital Insight achieve record year end revenues but the number of new customers also grew by over 300%. "The increase in our customer base has allowed us to achieve year end profitability, something that we were striving for throughout the year," commented White. "In addition, the overwhelming response and interest from the credit union market in 2007 certainly sets the stage for an exciting 2008," he said.

ABOUT VITAL INSIGHT

Vital Insight is an Austin, Texas-based software company founded by experienced entrepreneurs and Big Four accounting firm executives with substantial hands-on Enterprise Risk Management, Sarbanes-Oxley, internal audit, and risk consulting experience. The company's core product, Governance Insight, is an easy-to-use, database-driven software application that allows companies to centrally manage, document, and test all processes, risks, and controls within their business. Vital Insight's customers experience significant savings and added value by streamlining their Corporate Governance and Enterprise Risk Management programs with Governance Insight.
