VITAL INSIGHT RELEASES GOVERNANCE INSIGHT™ FOR ERM

Enterprise Risk Management solution enhances the Governance Insight platform offerings.

Austin, Texas – August 27, 2007 – Vital Insight, a leading provider of Enterprise Risk Management and Corporate Governance solutions, today announced the release of Governance Insight for ERM. The ERM product offers organizations the ability to identify, manage, and track the impact of risks throughout the enterprise. Governance Insight now combines elements of risk and compliance programs using a single collaborative system. Built on industry best practices, our platform incorporates flexible frameworks, advanced business modeling, and an easy way to structure, automate, and measure risk management.

Using Governance Insight ERM, customers can:

- Lower compliance costs by up to 70% through best-in-class risk assessment capabilities
- Decrease regulatory compliance and exposure by integrating compliance activities, requirements, and documents into a single repository
- Significantly reduce risk exposure by implementing early warning signs that detect problems before they become compliance issues
- Deliver meaningful, on-demand status reporting and analysis
- Improve process adherence with governance programs that can be easily implemented across the enterprise

ABOUT VITAL INSIGHT

Vital Insight is a leading provider of Enterprise Risk Management and Corporate Governance solutions. It was founded by former Big Four consultants with over 50 man years of Enterprise Risk Management, Sarbanes-Oxley, internal audit, and risk based consulting experience. The company's core product, Governance Insight, is an easy-to-use, database-driven software application. It allows companies to centrally manage, document, and test all processes, risks, and controls within their business. Vital Insight's integrated solution suite provides customers with significant cost savings by streamlining their compliance and risk management requirements.
