VITAL INSIGHT RELEASES SARBANES-OXLEY COMPLIANCE SOLUTION

New release of Sarbanes-Oxley solution with advanced capabilities

Austin, Texas – August 14, 2006 – Vital Insight, a leading provider of Enterprise Risk Management and Corporate Governance solutions, today announced the availability of Governance Insight 2.0. Governance Insight eases the pain of dealing with Sarbanes-Oxley compliance by providing customers all the needed elements for a successful Sarbanes-Oxley program. Governance Insight is comprised of three primary modules, including:

- **Organizational Structure** – Institutes an extremely intuitive user interface that allows organizations to fully document and manage critical business processes with just a few mouse clicks.
- **Documents and Deliverables** – Customers are provided with pre-built, standardized Sarbanes-Oxley project documents. By querying data maintained in our Organizational Structure module, managing the documentation and testing becomes a streamlined compliance process.
- **Standards and Policies** – Provides a repository for an organization's entire suite of operating and compliance requirements. These can include internal policies and procedures, external standards such as COSO, COBIT, or ISO, or regulatory requirements.

"The release of Governance Insight 2.0 is the next logical step for Vital Insight as we round out our comprehensive solution suite for compliance and risk management", said Alan White, President and CEO of Vital Insight. He further states, "The reaction from our customer base has been fantastic, the market has been after a complete, robust product offering for some time, I'm glad there is now one available".

The Governance Insight Solution suite provides a robust yet easy to use and configurable solution that maps seamlessly into an organization's business processes. The modular approach allows Governance Insight to be deployed quickly providing enterprises unlimited access to all users.
