### HEALTH SYSTEMS INTERNATIONAL (HSI) SELECTS VITAL INSIGHT FOR PROCESS AND CONTROLS MANAGEMENT

#### New healthcare services customer marks vertical industry expansion

**Austin, Texas - January, 26 2007** - Vital Insight, a leading provider of advanced Enterprise Risk Management and Corporate Governance solutions, today announced that Health Systems International (HSI) has selected the Governance Insight - SAS 70 Essentials product to assist HSI with SAS 70 audits. Governance Insight - SAS 70 Essentials, will allow HSI to jump start its SAS 70 readiness process and will automate the document creation, testing, and reporting of process and control activities to reduce the associated time and cost.

Health Systems International provides simplified access to the most comprehensive selection of Medical Discount Solutions. Since 1987, HSI has utilized proprietary technology, experienced staff, and the largest data base of discounted medical networks to offer our US clients a solution designed to achieve the lowest cost of care.

According to Anthony Browne, Executive Vice President & COO, Health Systems International, "Governance Insight - SAS 70 Essentials will allow HSI to quickly and effectively prepare for upcoming SAS 70 audits. In addition, the software will allow us to implement and monitor a stronger internal control environment, Vital Insight was a logical choice for us".

"We are extremely pleased to add HSI to our growing list of customers", commented Alan White, President and CEO of Vital Insight. "Not only are they a large, multinational organization but they also validate our entry into the Healthcare Services vertical industry".

#### ABOUT VITAL INSIGHT

Vital Insight is a leading provider of Enterprise Risk Management and Corporate Governance solutions. It was founded by former Big Four consultants with over 50 man years of Enterprise Risk Management, Sarbanes-Oxley, internal audit, and risk based consulting experience. The company's core product, Governance Insight, is an easy-to-use, database-driven software application. It allows companies to centrally manage, document, and test all processes, risks, and controls within their business. Vital Insight's integrated solution suite provides customers with significant cost savings by streamlining their compliance and risk management requirements.
