LEADING CREDIT UNIONS TO IMPLEMENT GOVERNANCE INSIGHT

Vital Insight Now Offers Comprehensive Solution for Enterprise Risk Management

Austin, Texas – September 20th, 2007 – Vital Insight, a Central Texas company offering advanced Governance Risk, and Compliance (GRC) solutions, today announced that three leading credit unions, including South Western Federal Credit Union, Affinity Federal Credit Union, and Texans Credit Union, all have purchased the Governance Insight application. These organizations will use the product to reduce the time and cost associated with managing their regulatory and risk management programs.

“When I joined Vital Insight several months ago, I felt that the credit union market was attractive for us. It is exciting to see that start to come to fruition,” said Tom Scanland, Vice President of Marketing and Business Development. “These organizations have unique needs, and we are meeting them. We plan to be the premier provider of GRC solutions to the credit union industry within the next eighteen months.”

“Vital Insight's Governance Insight ERM Essentials software has been a refreshing software tool that is very intuitive.” added Kathryn Neigh, AVP of Risk Management at Affinity Federal Credit Union, “[it] allows for enterprise wide business process improvement and efficiency not to mention compliance with our regulatory environment.”

ABOUT VITAL INSIGHT

Vital Insight is an Austin, Texas-based company founded by experienced entrepreneurs and former Big 4 consultants. The company's flagship product, Governance Insight, is an easy-to-use, database-driven software application that allows companies to centrally manage and document all processes, risks, and controls associated with Governance, Risk, and Compliance (GRC). Vital Insight's customers experience significant savings and value-added business intelligence by streamlining their compliance and risk management programs with Governance Insight.
